WINEMAKING

Nestled between two mountain ranges, the Napa Valley offers diverse microclimates and soils that are uniquely suited to growing beloved wines.

With its cooling influence from the Pacific Ocean which allows the grapes to reach their full ripeness while retaining a high acidity, Napa Carneros is the perfect region for growing Pinot Noir for Rosé. The grapes were picked slightly early to ensure a lively wine. They were then destemmed and very lightly crushed - just enough to break the skins and allow the wine to run. This was followed by very gentle pressing and a cool fermentation. In the end, the result is a lively and flavorful wine.

The 2020 growing season in Napa Valley began with heavy rains that nourished the soils. The Spring and summer weather was stable without major rains or heat spikes. These fine grapes were harvested early in the season.

At Bread & Butter, we believe good things in life shouldn't be complicated. Good things should just be, well, good. And honest. And uncomplicated. Because when we second-guess, overthink, and decide that every, little thing is so important... We're ignoring what really matters. The good. The honest. And the uncomplicated. Which is why our Veteran Award-Winning Winemaker Linda Trottamakes thoughtful wines, that don't require any extra thought to enjoy. And those thoughtful wines? We have a carefree space where you can enjoy them. A tasting room dedicated to enjoying simple pleasures in a space that's comfortable, homey and authentic. Because we believe wine shouldn't add to the stress of everyday, in fact, it should do just the opposite. A great bottle should give you the opportunity to take a breath, let your shoulders drop, and stop overthinking. Go ahead, take a sip. And don't overthink it.
